

What does my enrollment fee cover?

Your child's enrollment fee covers many items:

- **Pizza Friday:** nearly every Friday, your child will be served pizza, a vegetable, a fruit, a dessert, and a drink. Your enrollment fee covers this cost.
- **Milk, Juice, and K-2 snack:** your child's enrollment covers milk and juice for all students and a daily morning snack for students in grades K-2.
- **Field Trips:** your child will go on several field trips each year - your child's enrollment fee covers the cost of these trips.
- **After School Clubs:** your child may participate in clubs such as Roots and Shoots, Drama Club, Dodgeball, Lego League and more. Your child's enrollment fee covers the cost of these after school clubs.
- **Chromebooks:** your child will receive his/her own chromebook starting in grade 3. Your child will take this chromebook with them when they leave Discovery School. Your child's enrollment fee helps cover this cost.
- **Gradelink "Enroll Me":** we utilize Gradelink for our online enrollment and re-enrollment process. This system makes enrollment easier and helps us do a better job keeping track of all that paperwork! Your child's enrollment fee helps offset the cost of re-enrollment software and human power to complete the re-enrollment process for each student.

Thank you for helping us provide a fanatastic education to your children!
